VOLUNTARY STATEMENT

1. PLACE/ TIME

USS Anzio (CG-68)

2. CASE CONTROL NUMBER (CCN)

I, (b) (6) USN/USS ANZIO (CG-68), make the following

free and voluntary statement to (b) (6),

Whom I know to be Investigating Officer-Carrier Strike Group 8.

On Sunday August 30, 2015 at a Wetting down, while having a conversation out front on the bench of the Yorktown Pub, the CO asked me if I would perform oral sex on him. Me taking it as a joke and realizing that I am an non qualified SWO said "yes, if you give me my swo pin." He said that he would not give me my swo pin but persisted on asking if I would have sex with him. Next he specifically asked me if I would let him "fuck me in the ass." Still taking this as a joking matter, realizing that alcohol was involved I again responded with "sure, if you give me my swo pin." He again said "no he would not." He then began asking about my sexual history, asking questions such as, how many people had I slept with, if I was interested in girls, how many I had been with. Despite being uncomfortable with the questions I answered him as he is my Commanding Officer.

Other events specific to that evening include the CO grabbing my butt while taking a group photo. He asked me to come to his cabin in the middle of the night and try and wake him up and see what he does.

The following morning the Commanding Officer asked me to come to his state room at 1030. I reported to his state room as ordered, not thinking that events of the previous night would be brought up. When I arrived he asked me to place the "do not disturb" sign on the door. I sat at the table in his office across from him and he asked me to sit at the chair closer to him. Which I did. The first thing he asked me was, "if I give you your SWO pin will you sleep with me" to which I stated "no." He then asked me if I had ever slept with a (b) (6) man, to which I said "no, but I had slept with men who had girlfriends" he then proceeded to ask me what I did after, like if I told any of the women that their significant others were cheating on them. I explained how I did that the first time but then not the second or third time. He then specifically brought up (b) (6) saying that we are talking about this even though I stated on Sunday that I think (b) (6) is such an amazing women. He also pointed out that (b) (6) was something that came along with him. I kind of just nodded and we moved on. He then proceeded to ask me Rules of the Road questions for my OOD board. He continued asking me questions about sexual things, like how I liked for males to finish having sex with me. He also asked me if I like giving blow jobs. He also admitted that he admired my cleavage that night.

At one point in time during the conversation I actually got scared, he stated "what if I got up and did something to you right now" I kept my composure and said "I'm not sure" but that was when I actually feared that he would get up and try to have sex with me right then and there. Something that I do NOT want.

The conversation ended with him asking me if I had ever thought about having sex with him before Sunday night, to which I was hesitant to answer truthfully, but I did and stated that I had not ever thought about him in a sexual way until it was brought up by him on Sunday. He also closed with

saying that he would appreciate if all these conversations were kept between him and me. To which I said yes.

The following are events that occurred previously:

He asked me to go lay down on his bed in his cabin.

To go into his bathroom and ask myself in the mirror if I was a pushover.

He called (b) (6) and me skanky blonds.

The CO always seems to want to touch me inappropriately, more than just a pat on the back. He will rub against my knee with his knee or touch my side as he is walking by. I don't know what to say to him about this, I'm worried how he will take it.

April 1st

CO called me out on the bridge for my tattoo. He asked me to stop by his state room after I got off watch. When I stopped by we then had a long discussion about me and why I felt the need to have a visible tattoo. He asked me a lot about my sexual past and he also asked about all the tattoos I had, piercings, how many men I had slept with, etc.

June 23rd

The CO offered me a puff of his cigar on the bridge today. He also stated that I had an "inner tigress" that needed to come out more.

June 26th

CO touched my waist at dinner today. Not sure if anyone was paying attention but I didn't say anything because I didn't want to get into trouble.

Ref: (a) MILPERSMAN 1611-010
(b) OPNAVINST 3120.32
(c) CNSP/CNSLINST 1412.1

1. This Letter of Instruction is issued per references (a) through (c) to discuss specific measures required to improve unsatisfactory performance with regards to your Surface Warfare Officer Qualification.

2. The purpose of this Letter of Instruction is to formally document a deficiency in your performance and to recommend a course of action for future improvement. As an Officer, I expect you to lead your division while working toward your Surface Warfare Qualification.

3. CNSP/CNSL INST 1412.1 dictates you have 18 months after graduating from the Basic Division Officer Course to obtain Surface Warfare Qualification. My analysis of your qualification timeline is that you are behind in the process. You are delinquent in Anti-Terrorism Watch Officer and Officer of the Deck (Underway) qualifications.

Failure to meet this deadline, by not qualifying SWO NLT 28 AUG 2015 leaves me no choice but to report you SWO Non-Attainment to Navy Personal Command. This action will most certainly result in your Non-Retention in Naval Service as a probationary officer with less than four years of service.

4. The following remedial measures shall be taken:

a. My new timeline for you is as follows:

- ATTWO - Completed NLT 30 JUL 2015
- OOD (U/W) - Completed NLT 19 JUN 2015
- SWO Qualification - Completed 28 AUG 2015

To: (b) (6)

Subj: ASSIGNMENT OF EXTRA MILITARY INSTRUCTION

1. (b) (6) has been assigned Extra Military Instruction to correct the following deficiencies:

You have failed to qualify with your basic qualifications in a timely manner. Based on my observation over the past five months your aptitude to become a Surface Warfare Officer is questionable. I have made the determination to assign you Extra Military Instruction to assist you in achieving your professional qualifications.

You have not completed the following PQS in the required time.

- Anti-Terrorism Watch Officer (Due: April 2014)
- Officer of the Deck (Underway) (Due: January 2015)

★ Additionally, CNSP/CNSL INST 1412.1 requires you to qualify as a Surface Warfare Officer NLT 28AUG2015. Should you not be qualified SWO by that date I will be compelled by regulation to report your SWO Non-Attainment to Navy Personal Command. This report would most likely result in your non-retention in Naval Service. Priority

2. The following instruction is assigned to correct the above deficiencies:

You will dedicate two hours of study daily while Underway. Inport, you will dedicate two hours of study daily after working hours during the work week. (This includes liberty ports during Joint Warrior.) On the weekends, you will be assigned Saturday School, which consists of a two hour study period from 0800-1000.
